1,000 Books before Kindergarten

Can you help your child listen to 1,000 books before they start kindergarten? It's not as difficult as you think! Reading just one book a day gets you to 365 in a year, which means you'll be to 1,000 in a bit over 3 years.

Read several books a day and it might not even take one year! Yes, reading your child the same book over and over counts – it's a great way to build reading skills. And if other caregivers are reading aloud to your child, those books count too.

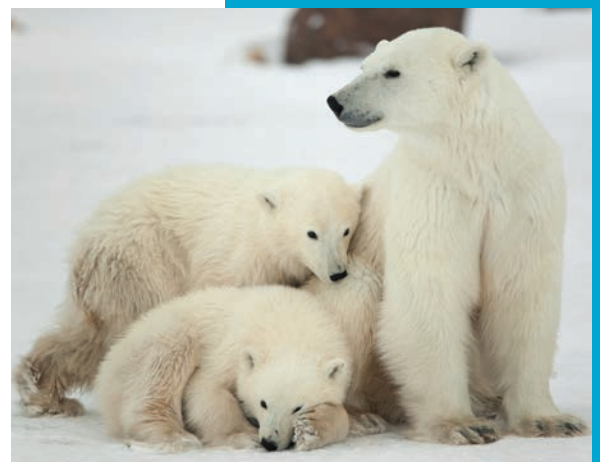

To participate in the program, you need to read with your child, keep a log of the books your child has read to them, and celebrate the milestones!

We surely will! Look for the 1,000 Books Before Kindergarten on flintpl.readsquared.com
