FINAL DAY BEFORE RENOVATION

SATURDAY, FEBRUARY 29, 9AM TO 6PM

SAY GOODBYE TO THE OLD FPL, NOON-4PM

FLINT
PUBLIC LIBRARY

 Flint Public Library
LEARN FOR LIFE

READY TO WRITE

WE ARE SO GRATEFUL TO CITY OF FLINT VOTERS, WHO PASSED BOTH LIBRARY BALLOT PROPOSALS IN NOVEMBER BY A WIDE MARGIN! NOW WE'RE MOVING FORWARD WITH OUR PLANS, AND THERE ARE SOME THINGS YOU'LL NEED TO KNOW.

LET'S CELEBRATE!

The current Library building is 60 years old. It has served generations of Flint families, and we want to honor that legacy. So let's have a party!

Please join us on **Saturday, February 29 from noon to 4:00 PM** as we celebrate our final day of service in the pre-renovated building. This is your last chance to visit your favorite study corner, bid farewell to the vintage bathroom tile, and listen to the clanking music of the freight elevator. Our "1958 time capsule" of a building is about to be re-made. The next time you enter (sometime in 2021), it will be light, bright, appealing and amazing!

We're still working out the celebration details for Saturday, February 29. You'll find information on our project website, **YourNewFPL.org** and also on our Library calendar at **fpl.info**.

TEMPORARY LOCATION: FPL AT COURTLAND CENTER

Our current building is going to be renovated from the walls in, so everything must be moved out during the construction process.

The temporary Library service location will be at Courtland Center, right next door to the temporary Sloan Museum. Moving is a big job, so we're not exactly sure how long it will take. **The Library will be closed starting March 1, and we plan to open for service at our temporary location early in May.** Our hours of service will be the same as they are now.

At Courtland Center, we will offer books and DVDs to check out, computer access and Wi-Fi, lots of children's programming, and as much other programming as will fit into the space! Fortunately, this location has regular bus service, plenty of parking, and hours that fit our library schedule.

A NEW CHAPTER

WHILE WE'RE MOVING: MARCH AND APRIL 2020

The Library will be closed for service during March and April. But don't despair! You can still access many Library services through our website. With your Library card, you can:

- Check out e-books and audio books
- Download magazines
- Download music
- Find great resources to help your kids learn
- Take online classes (through our website links)

If you're unsure of how to download resources, we invite you to schedule a free, 30-minute Book an Expert session with one of our librarians. Call 810.249.2569 to secure your spot soon!

Here are some important things to know about our temporary closure:

- You can keep your checked-out materials. Nothing will come due until we re-open at Courtland Center.
- Your library card will not expire, so you can continue to download books, magazines and music.
- If you want to return materials, you can do so at our drop box on Crapo Street OR at a drop box outside the main entrance of Courtland Center.

HOW TO STAY INFORMED

1. Visit our project web site **YourNewFPL.org** for updates on the temporary space and the renovation project.
2. Visit **fpl.info** to view the calendar of events in our "Join In" section.
3. Join our email news list. Updates about our temporary location and our project will be delivered right to your inbox. You can sign up at **fpl.info** (select "Join In" to access e-news signup form).

DELILAH DEWYLDE

SATURDAY, JANUARY 18, 6:30pm

A long time ago, at the dawn of the Atomic Age, a succession of no-good punks and ill-mannered teenagers took the best of American roots music — hard-partying honky tonk country, searing gutbucket blues and lonesome hillbilly twang — and distilled it into a potent moonshine known as rockabilly. This combustible formula, passed down through the generations, forms the heart of the revved-up stylings of Delilah DeWylde.

THE SMOOTH OPERATION PROJECT

SATURDAY, FEBRUARY 15, 6:30pm

Blending the sounds of funk, jazz and R&B, the library welcomes back a diverse group of musicians based in Flint known as The Smooth Operation Project.
